"Knowledge is power." There is one kind of knowledge that is power and prestige in the hands of a woman. It is the knowledge of her own nature, her own physical make-up and the home-treatment of diseases peculiar to her sex. There is a great home medical book that teaches all this. It is Dr. Pierce's Common Sense Medical Adviser. Over 1,200,000 American homes contain copies of this work. It used to cost $1.50; now it is free. For a paper covered copy send 21 one-cent stamps, *to cover mailing only*, to the World's Dispensary Medical Association, Buffalo, N. Y.; French cloth binding, 31 stamps.

This great book tells all about a medicine that is an unfailing cure for all weakness and disease of the delicate organs distinctly feminine. That medicine is Dr. Pierce's Favorite Prescription. During the past thirty years many thousands of women have used it with marvelous results. It imparts health, vigor, virility, strength and elasticity to the organs that bear the burdens of maternity. It fits for wifehood and motherhood. Taken during the period of gestation, it makes the coming of baby easy and almost painless. It completely banishes the pain and misery that are the result of a woman's neglecting her womanly health. An honest medicine dealer will give you what you ask for, and not try to persuade you to take some inferior substitute for the little added profit he may make thereon.

Mrs Jas Schaffner, of Freemansburg, Northampton Co, Pa, writes: "It is with pleasure that I write to let you know the great good I have received from your medicines and the local self-treatment at home. I was troubled with female weakness, had pains in my back all the time, sometimes so severe that I could not lie in bed at night I tried different doctors but they could not help me Then my husband got Dr. Pierce's Common Sense Medical Adviser, and induced me to try Dr Pierce's medicines After taking six bottles of the 'Favorite Prescription' I feel like a new woman"

Dr Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One Pellet is a gentle laxative, and two a mild cathartic. Druggists sell them and nothing is "just as good."

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from dreadful disease.—J. W. LYNCH, Dorr, W. Va. This remedy sold by W. Pinniger.

The ancients believed that rheumatism was the work of a demon within man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by W. Pinniger

Found Its Soul.

After the Lucky Baldwin theater and hotel fire in San Francisco there were nine feet of water in the basement, where the instruments of the orchestra were stored. When a little of it had been pumped out, August Hinrichs, leader of the orchestra, hired a man to swim in and get out his famous Amati violin.

It was wrecked—water soaked, warped, twisted and broken up into 68 pieces. The hot water had soaked out all the old glue, and every piece had fallen away from its neighbor, besides a good many patches of wood, put in when repairs had been done. To all appearance the thing was smashed beyond recall.

Nevertheless Herman Muller, a local violin repairer, who knew and loved the old fiddle, took it in hand. Twice he carefully joined the time darkened pieces of wood. Twice he decided that the Amati would not do.

So once more he soaked the 78 bits of wood apart. Then he carefully modeled out of clay an arch such as he remembered that of the old Amati to have had and for nine weeks kept the bits of wood bound to it until they had gained the proper shape.

Once more he put the bits of wood together. Then for five weeks more he patiently varnished and polished the more than 200-year-old fiddle until it shone. Then Hinrichs once more drew his bow across the vibrating strings and the violin spoke. It sang, wept, bubbled with life and joy.

The Amati had found its soul.—San Francisco Examiner.

The Macaw and the Portrait.

While Northcote was studying painting with Sir Joshua Reynolds he painted the portrait of one of the housemaids and placed the picture on the parlor floor, resting against a chair for the family to see it. Sir Joshua had a large macaw, which he often introduced into his pictures. Between the bird and the housemaid there was no little hostility, as she had to clean up after him and resented his roaming habits.

When the picture was placed against the chair, the macaw, being in a distant part of the room, did not see it, but on retracing its steps the bird saw the portrait of its enemy and, with outstretched wings, furiously rushed at the hated face and even tried to bite it.

Discovering that the face did not move, the macaw attacked the hand in the picture. As it moved not, the bird marched round the picture, as if examining what the thing was, and then walked away. Again and again the macaw repeated the advance, the attack and the retreat.

The singular story was noised abroad, and Edmund Burke, Dr. Johnson and Goldsmith visited Sir Joshua's parlor to see the exhibition. What made it the more remarkable was that when the macaw was tried with any other portrait it took no notice of the picture.—Youth's Companion.

Relic Pilfering Ministers.

The superintendent of public buildings and grounds, who has charge of the Washington monument, says one of the greatest troubles the watchmen at the monument have to contend with is the chipping of these memorial stones by relic hunters.

"One of the strangest things in regard to these relic hunters," said the superintendent, "is the fact that more than one-half of the men arrested for chipping off relics are clergymen. When the police arrest these despoilers and start with them to the station house, the man will begin to ask what is the penalty and try to beg off. He is told that the fine is a heavy one, but that $15 security can be put up for appearance in the police court. Then the prisoner explains that he is a minister of the gospel and meant no harm, and that he could not stand the disgrace of appearing in a police court. He ends up by giving up the collateral after generally trying to cut it down to $10, saying he has only that amount with him."—New York Mail and Express.

Washington's Sea Voyage.

As the companion of his invalid elder brother, Lawrence, then in a rapid consumption, George Washington sailed from Virginia on the 28th of September, 1751, arrived at Barbados on or about the 3d of November and sailed thence on his return to Virginia on board the Industry on the 22d of December. His passage each way was a rough one and prolonged to five weeks. The methodical young Virginian kept a diary during his trip, extracts from which were published by Jared Sparks in his "Writings of George Washington." This was the only time George Washington ever went outside the territory that became the United States. Note the fact that five weeks were occupied in making this little trip to Barbados.—Buffalo Commercial.

The Transvaal War

Fighting is commenced between the British and the Boers, the latter having made an attack upon a train with cannon and other arms. Fifteen British were killed and the remainder taken prisoners. Military movements on both sides are active and the final struggle will soon be entered upon.

The Boer population in the Transvaal is about half a million and the fighting men will number 50,000, all of whom will bear arms. In addition to these the Orange Free State will furnish sufficient troops to bring the entire force that will oppose the British up to 75,000 or 80,000 men, which will be a formidable army to overcome at so great a distance as South Africa is from England. The legions of the Boers can not be conquered by a force of less than a quarter of a million if they possess the fighting qualities with which they are credited. Their skill in the use of fire-arms will aid them very materially when they assume the defensive, which is their true position against a foe having the strength of Great Britain.

They have now taken the aggressive and have entered British territory, which will cause the war at the beginning to be conducted in the enemy's country and will relieve the Transvaal of that destruction of property and suffering that attend actual war for a time and, as they retire before superior force, they will have the advantage of the natural passes over which their country can be invaded, as a means of defense, and it is more than likely that the final struggle that will involve to the Boers liberty or death will be made at one or more of these passes.

The war spirit is improving in England as it always does when the tight little island is in trouble. The enemy receives no aid or comfort from political divisions in England when the country is at war. The national pride at such a time comes forward with the force of an ocean swell that proclaims: The glory of Albion must be maintained at any cost in life and treasure!

When the lion becomes rampant and, as Milton says, "Shakes his brinded mane," the Boers, we fear, with their love of liberty and country, will go down before him, but before their downfall comes many of he sons of Albion will moisten South African soil with their blood—but how trivial is such a matter when compared with the glory of England!

The Overland Flyer

The first east bound overland flyer passed Reno Sunday on schedule time. The JOURNAL is more than pleased at the enterprise of the Utah Central as manifested by placing "the flyer" on the overland route.

The addition of this train to the service of the company is evidence that trade on the Pacific coast is improving, but the cause for improvement is not directly on the coast so much as it is because of war and the trade future in the Philippines.

We would like to see trade between the east and west such as to demand a second track to accommodate its volume. While we attack the wrongs that are upon our people through railroad sources. We entertain no feeling against its prosperity and did we possess the power, no wrong would be done that would interfere in any way with the advancement of the material interests of the company, and we believe such is the feeling of all good citizens in the state.

How much better it would be if such sentiments were entertained by the management of the railroad company toward Nevada.

PERSONALS.

Lloyd Stephenson of Chat spent Sunday in this city.

C. H. Scherr, a Salt Lake mining man, arrived from the south Sunday evening.

Mr. and Mrs. Mrs. M. J. Smith, formerly of Verdi, accompanied by their son Walley and Mrs. James Sproule, who all attended the funeral of the late Mrs. Becutel, returned yesterday to their new home at Linham, better known as the old State line mill.

Rev. J. V. Mitchell arrived from Elko Monday on his way to the Presbyterian synod to be held at Stockton. In the evening at assembly hall of the University he delivered a very interesting lecture on the "Catacombs of Rome," under the auspices of the Y. M. C. A. Mr. Mitchell is pastor of the Congregation in Clover valley, Elko county.

A Pleasant Evening.

Reno Rebekah Lodge No. 7 gave an entertainment last evening to a few invited guests. Instrumental music by a deaf and dumb boy was one of the features of the evening. The Misses Sofa and Hattie Peterson and Roy Sedrick contributed numbers to the program. Delicious refreshments, some of which found their way to the JOURNAL office, were then served.

Comstock Visitors.

Ear Piercing In China.

Every Chinese woman has her ears pierced. In fact, the custom is nearly as important as the binding of the feet. When the child is a year old, the operation may be performed as soon as convenient. It is considered quite an art.

First two little tassels of red cotton are prepared, with a blue head on each and a long end hanging loose. Then the child's ear is pinched till it is numb, when a needle is run through and the thread after it till the tassel hangs over the lobe, where it is secured. Of course the child often makes considerable objection to the operation and then if there is a kitten anywhere near its ears are often pierced to encourage the human victim. This accounts for the frequence of cats with holes and slits in their ears in the Celestial empire.

The Tragedian's Defi.

"Yah! Yah!" yelled the boys in the gallery. "Wot ye doin on de stage? Go back to de lunch counter!"

"Canaille! Rabble! Scum of the earth! Offscourings of the slums!" hissed the tragedian, facing them with folded arms; "the hoodlums of the gallery hoot at me and the critics of a venal press roast me! I defy ye both! I care neither for the higher criticism nor the hired criticism!"

And he went on with his lines.—Chicago Tribune.

The Refractory Weather.

"Does the climate agree with you?" inquired the mild but conversational person.

"No," answered the weather prophet fiercely. "Nearly every time I announce what it ought to do it assumes an attitude of rigid and uncompromising opposition."—Washington Star.

An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—JOHN E CLIFFORD, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by W. Pinniger.

Red Hot from the Gun,

Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. Twenty-five cents a box. Cure guaranteed. Sold by S J. Hodgkinson, druggest.

OUR BOYS WON

The Nevada Team Too Much for the Californians.

The Result of the First Game Seems to Indicate a Succession of Victories During the Football Season.

The students of the University of the Pacific are fine strapping big fellowe—gentlemen of the first water, all of them—but they are no great shakes at football. Reno "laid it all over them" yesterday. Sixty-three to five that tells the story of the superiority of sage brush over eschscholtzia as a diet for athletes.

Six hundred people saw the one-sided contest yesterday afternoon at the University grounds. It was the first game of the season for the home eleven but they evidenced long and careful training, working like a clock or, rather, a pile driver.

The visitors were as gentlemenly an eleven as ever visited Reno. In their three days stay they made a multitude of friends. Their play was clean and absolutely devoid of fouls. They expressed themselves pleased with their entertainment here and confess that their overwhelming defeat was due to their being entirely outclassed.

They predict that with next month's improvement Nevada's chances with Berkeley and Stanford are exceedingly good.

Prof. Thurtell officiated as referee; umpire, Ferguson; timers, U. N., Jones and Frazer; linemen, U. N., Mitchell.

FIRST HALF.

Nevada loses tossup and U. P takes north goal. Nevada kicks off to 30 yard line. U. P. runs it in 4 yards by close bucking. Loses the ball. Keddie goes through for 2 yards, then for 5. Evans makes 5 yards. Hayes makes 10 yards around right end. Carman goes through for 5. McCarran makes first touchdown. Keddie kicks goal.

U. P. kicks off to McCarran who runs it in 2 yards and 2 more. He fumbles, then makes 12 yards. Hayes runs 10 yards. B. Evans bucks 5 yards Nevada fumbles. J. Evans makes 2 yards. Nevada forced back 2 yards. Carman makes 7 yards, Keddie 2, McCarran 12, B Evans 12, 22 and 5, making touchdown.

U. P. kicks to Nevada's 30 yard line. Brule advances ball 20 yards.

Hayes gains 12 yards. Carmen bucks 5. Brule makes 5. Keddie gets one and the ball is fumbled. U. P. falls on it making a gain of 12 yards.

This gives U P. the ball. They gain four yards. They buck one yard. One yard more. They lose the ball on downs.

Hayes runs 5 yards. McCarran executes a neat 25 yard run. McCarran gets 3 yards more. Chism bucks 2. Repeats it for four yards; makes 5 more and a touch down. Keddie kicks successful goal.

U. P. kicks off to 25 yard line. Keddie runs it in 10 yards. Ball is fumbled; U. P gets it. U. P.'s right guard makes 8 yards. U. P. fumbles. McCarran runs 25 yards. Hayes makes 8. Keddie gets 5. Ball is fumbled. U. P. endeavores to kick. Leavitt nearly blocks the ball and it bounds back 45 yards. Riordan falls on the ball and makes a touchdown. Keddie as before kicks the goal.

U. P. kicks off to Nevada's 20 yard line (nearest to Nevada's goal in first half) Ben Evans runs it in 8 yards. Hayes carries 7 yards. Ben Evans runs 14 yards. Carman makes 10 yards. Brule gets 12 yards by faked play. Riordad goes around the end for 12 yards. No gain in next play. Ben Evans gets 8 yards. Hayes get 3. Carman makes 5. Ben Evans runs 10. Keddie fails in place kick at the goal.

U. P. kicks out from the 25 yard line. Carman downs the ball on U. P.'s 40 yard line. McCarran runs 7 yards. Hayes gets 8 yards. Carman bucks one. B. Evans bucks 4. B. Evans repeats by six. Second trial at the goal successfully kicked by Keddie.

U. P. kicks off to Nevada's 35 yard line. Leavitt carries it back 6 yards. Hayes runs 15 yards. Carman bucks 4 and 3. Keddie bucks 2. McCarran runs 8 yards. Chism gets 4. Leavitt gets one.

Time was called. Score—U. P.—0; U. N.—29.

SUBSTITUTIONS.

In the second half B. Smith succeeded Hayes as left half back, the latter having injured his knee.

A. M (Tom) Smith succeeded Leavitt at left tackle, the latter taking J. Evan's place.

Later in the half Moran was substituted for Leavitt. Bren Smith also injured his knee and was replaced by F. Smith.

Near the last Brule retired and Leambetter took his place at quarter.

The U. P. had good luck so far as injuries went and made no substitutions.

SECOND HALF:

After the usual 10 minute intermission the teams changed ends, Nevada taking the south goal.

The play was rapid and just a little less one sided. Nevada made first touchdown in very few plays. Only goal missed by Keddie. U. P. kicked off. Brule juggled ball. U. P.'s quarter back fell on it.

This seemed to give them heart and they commenced gaining, forcing Nevada to within a few yards of their goal, where they lost the ball on downs. In the excitement over their probability of scoring, Keddie lost his head and his kick was blocked. The ball bounded over the line. U. P fell on it and made their only touchdown. They failed to kick the goal by allowing the ball to touch the ground before the kicker was ready.

The remainder of the game was hard fought. B Evans made a 45 yard run, the longest of the day. Bren Smith covered some 10, 15 and 20 yard runs. Keddie made another place kick with about three minutes to play. Leadbetter tried a fake run gaining three yards. After this it was a punters' battle in which Keddie distinguished himself, at one time kicking 70 yards. It was noticed that none of the U. P. players tackled Tom Smith higher than the waist, for obvious reasons. After Keddie's last punt U. P. fumbled the ball. It was secured by F. Smith. Time was called before it was put in play.

Millions Given Away,

It is certainly gratifying to the public to know of one concern in the land which is not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottle of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthsma, bronchitis, hoarseness and all diseases of the throat chest and lungs are surely cured by it. Call on S. J. Hodgkinson, Druggist, and get a trial bottle. Regular size, 50 cents and $1. Every bottle guaranteed or price refunded.

Justice Court.

Indian Jim, a victim of the seductive "long draw," was yesterday removed from temptation and sent over to try the Brown cure—sewer trench digging.

Charles Willard pleaded not guilty to a charge of nuisance, and will have a whirl with general statute this morning.

"Brown's in Town."

An unended laugh is the way the management of "Brown's in Town," describes the newest farce which will be the attraction at McKissick's Opera House to-night. It is replete with humorous complications and is said to brim over with witty thrusts and a choice selection of catchy musical numbers. The action of the farce all takes place during one summer's day in the country home of a man supposed to be Mr. Brown, but in reality the young hero.

Episcopal Convention.

Mr. and Mrs. Wm. Pinniger, Mrs. H. B. Maxson, Mr. and Mrs. Taylor, Mrs. Barker and Mrs. Hibbits left for Sacramento yesterday to attend the Episcopal convention.

Rest in Peace.

The remains of Mrs. Antonette Bechtel were laid to rest Sunday afternoon in the G. A. R. plot, Hillside cemetery. Rev. Samuel Unsworth conducted the services.

THE CASE OF DODGE VS. WILLIAMS

Or—The Late Poor of Susanville Vs. the Honest Poor of Olinghouse.

The case of Dodge vs. Williams for title to an interest in a claim owned by the latter, went to the jury yesterday afternoon on two questions of fact to the effect:

First—Did plaintiff, E. R. Dodge, and W. H. A. Pike do anything to effect a compromise between the defendant and Brooks McClane?

Second—Has the defendant paid to plaintiff all there is due and owing from him for legal services rendered?

The jury came in at 9 o'clock and announced that they were unable to reach a decision, eight being in favor of returning an affirmative answer to the questions. The jury was dismissed.

Good News for Reading Public.

Rosenthal & Armanko, the enterprising news agents, have made arrangements whereby they receive the San Francisco daily papers on the new fast overland flyer arriving here at 6 P. M. By this arrangement all subscribers to the *Call, Chronicle* and *Examiner* will receive their papers between 6 and 8 o'clock every evening, or nearly twelve hours ahead of previous delivery.

This will surely be appreciated by the reading public, and ought to result in a largely increased circulation for these dailies. Papers are delivered to any part of the city by carrier. Leave subscriptions at the store. 2t

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women and all feel this results in loss of appetite, poisons in the blood, backache, and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just thing for a man when he is all run down, and and don't care whether he lives or dies. It did more to give me new strength and appetite than anything I could take. I can now eat anything and have new lease on life." Only 50 cents at S. J. Hodgkinson's Drug Store Every bottle guaranteed.

An Unexpected Result.

A freight train pulled into a Maine station recently, and a ventriloquist on the platform thought he would have some sport, so he threw his voice under a car, saying: "Let me out! Let me out!"

The station agent was called, and he hastened to unfasten the door of a car. After working for a time he got the door open and out walked four tramps, all of whom disclaimed that they had asked to be let out.

The ventriloquist had builded better than he knew and had stepped upon the ride of the four hoboes, who were left behind.

A Retort Discourteous.

A young lady full of good deeds noticed the tongue of a horse bleeding and with a use of technical terms too little appreciated said to the cabby, "Cabby, your horse has hemorrhage."

"It's 'is tongue's too large for his mouth," said the cabby and added sententiously, "Like some young ladies."—London Globe.

Should Women Smoke?

I have no earthly objection to women smoking; only, if they do smoke, they should smoke seriously. Most of them just fool a little with a cigarette. Now, that scarcely amounts to smoking at all. If they really mean it, let them take to cigars and pipes.

I know a dignified old lady, a Polish countess—what is her name? Countess? Countess?—oh, well, Thingamojisky—it ends in 'isky,' anyhow—and I respect that woman. She genuinely smokes, and no mistake about it. There is no playing there. She looks on it as a sacred duty. She has a long pipe with a wooden stem and the bark on, and a fine big bowl—a regular man's pipe. When she was visiting me, she just loaded up and smoked, and loaded up and smoked, and loaded up and smoked again. She meant business.

I know another lady who has a long Turkish pipe, and she, too, means business. If women are ever to be genuine smokers, that is the way they must go to work.—Mark Twain.

The nerve that never relaxes, the eye that never blenches, the thought that never wanders—these are the masters of victory.—Burke.
